**Business & Sales**

**Management**

**Further Education**

**Truro College - Level 3 Extended Business Diploma  
Further training & qualifications in Accountancy &  
Management being studied while working**

## **Rhiannon says.....**

*I attended Truro College after leaving school and did an Extended Business Diploma. I was in college 3 days a week and we had the choice of work experience on the other 2 days or doing our coursework to fast track through the qualification. I chose to work as I felt it was of more benefit to me to see the topics I was learning about in a real life context.*

*I did Business studies at GCSE and this was a great preparation for the diploma course. I have enjoyed learning about business and have been to Germany on Work Experience and travelled abroad for exhibitions with the business too.*

**...don't feel pressured**

*To do well in business you have to give good customer service by always being cheerful when talking to customers and staff. Be positive and organised!*

*There are plenty of opportunities out there for you, despite what you might hear. Don't feel pressured by the decisions you have to make now; it will fall into place.*
